  - Rig paint scaffolds
  - Care for and maintain paint equipment
  - Use equipment such as portable high pressure washer, boom truck, airless paint spraying equipment, and forklift
  - Responsible for cleaning and housekeeping in assigned work area
  - Ensures employees under their supervision follow established safe work practices and obey all safety rules
- Completes daily coding reports and quality control forms.
- Prepare estimates for painting work
- Read and understand working drawings and chemistry for paint work
- Responsible for proper use of respiratory equipment by crew members
- Knows and follows the safety and health rules and safe working practices applicable to his or her job.
- Establishes and maintains effective working relationships with District employees, customers, vendors and all others contacted during the course of work using principles of excellent customer service.
- Performs additional related duties as assigned
- Regular and reliable attendance and performance is required

## Required Knowledge, Skills and Abilities

### Knowledge of:

- Applicable Memorandum of Understanding (MOU)
- Occupational health and safety rules and working practices applicable to this position.
- Supervisory principles and practices
- Structural steel painting
- Work methods including rigging, tools and paint application and safe work practices
- Knowledge of paints, color, application, removal, safety practices and equipment
- Proper hazardous waste disposal procedures

### Ability to:

- Carry out work assignments with a minimum of supervision
- Adhere to safe work practices
- Write legibly in a clear, concise manner
- Organize, plan and schedule work
- Work closely with other District personnel

## Minimum Qualifications

### Education and/or Experience:

#### Training and experience equal to:

- Journey-level status with five (5) years' experience in structural steel painting with bridge painting experience, including rigging of scaffolds, abrasive blasting and painting with spray equipment
- Completion of a Painter Apprenticeship program or equivalent training
- Combination of training and experience equivalent to above requirements will be considered

### Required License:

Must possess and maintain a current, valid California driver's license and satisfactory driving record. No reckless driving and DUI infractions within the last 7 years. No more than 2 moving violations within the last 3 years. Operates District vehicles on a regular basis.

**Physical Requirement:**

Work outside in cold and other inclement weather. Work comfortably at considerable heights and on suspended scaffolds. Ability to stand for long periods. Ability to work comfortably while wearing cartridge-type respirator. Requires maintaining physical condition necessary for standing/walking; sitting; lifting/carrying up to 50 pounds; pushing/pulling; climbing/balancing; bending/twisting; and kneeling/crouching.

This position may have a potential for or actual exposure to lead. Pursuant to OSHA regulations, District employees are not exposed to lead at concentrations greater than 10 micrograms per cubic meter ( $\mu\text{g}/\text{m}^3$ ) of air averaged over an 8-hour period.
